HEPBURN OPENLY DEFIES ROBERTSON

Banker Assails State's Executive

CROWDED COURT ROOM LOOKS ON WHILE MEN MIX

Gov. Robertson Not Badly Hurt After Onlookers Separate Pair.

OFFICERS GUARD HIM

"I Wouldn't Shake Hands With _____" Irate Citizen Declares.

(By the Associated Press) OKMULGEE, Mar. 3.—Resenting an oath hurled at him by James G. Lyons, an oil man of Okmulgee, Governor Robertson this morning engaged in a frantic encounter with Lyons in the court house here. A half dozen blows were exchanged by the two before they were separated. Neither bears any marks of the conflict.

First accounts of the fight said Lyons had struck the governor as the latter offered to shake hands when introduced. An account later agreed to by the governor and Lyons as correct, however, was that the governor attempted to strike Lyons after the latter said with an oath that he would not shake hands.

Mr. Lyons and Governor Robertson in the presence of some of those who witnessed the affair agreed to the correctness of a statement of a fact made by W. H. Crume, of Okmulgee. The story of the affair which both parties agreed to was in substance as follows:

As Mr. Hepburn and Governor Robertson left the county attorney's office, Mr. Hepburn turned to W. H. Crume and said: "Introduces Governor." "Bill will you introduce the governor to the boys?"

Governor Robertson shook hands with a reporter, with Judge Zwick, and one or two other men as he followed Mr. Crume through the crowded room. The first man Mr. Crume met was James G. Lyons, president of the Lyons Petroleum company, a director of the Guaranty State Bank when it was merged with the Bank of Commerce and president of the depositor's organization formed after the failure of the bank on November 2.

Turning to the governor, Mr. Crume said:

"I want you to meet the governor, Mr. Lyons."

"I wouldn't shake hands with the _____" Mr. Lyons declared, according to Mr. Crume and according to Mr. Lyons' own admission.

Governor Robertson struck a blow at Mr. Lyons with his right fist, but Senator G. R. Pomer, who was standing beside the two men intercepted the blow. In a moment Mr. Lyons and Governor Robertson were exchanging blows and struggling to free themselves from the grasp of spectators who intervened. A half dozen blows were exchanged and the crowd of men in the office surged back and forth.

Spectators gathered in the hallways around the door. Governor Robertson attempted to remove his overcoat, meanwhile struggling with the men who held him.

"Let me go," Governor Robertson said. "I am a man."

Officers formed a guard around Governor Robertson and forced their way together out of the office and to the third floor of the court house. Later Governor Robertson and his party, accompanied by officers, left the court house and went to his suite in a hotel a block from the court house. Mr. Lyons remained in the county attorney's office and all but a few friends were excluded from the office.

Officers ordered spectators to leave the halls of the court house, but many persons loitered about the corridors and some of them remarked that they had a right to stay in the court house since they were tax payers. Although excitement ran high, there was no disorder as a result of the affair.

Among the men who were present in the county attorney's office when Governor Robertson and Mr. Lyons met was Col. B. H. Markham, who, in the absence from the state of General Barrett, is in command

Harbor Improvement May Be Undertaken At Immense Figure

WASHINGTON, March 3.—New river and harbor improvements calling for an estimated expenditure of approximately \$21,000,000 would be authorized under a bill reported today by the house rivers and harbor committee.

Major items in the measure, which was approved by the committee to be reported by Chairman Dempsey, includes an expenditure of \$16,400,000 on the New York and New Jersey channel; \$4,000,000 on the Milwaukee-Wiscon harbor; \$3,316,000 on Coos Bay harbor; \$1,750,000 on the Columbia and lower Willamette Rivers below Portland, Ore.; \$1,805,500 on the Sabine-Neches waterway, Texas; \$1,371,450 on the Oakland harbor, Calif.; and \$4,500,000 for sea going dredges.

FLEECING HEADS OF SOCIETY NEW THRILL OF N. Y.

NEW YORK, March 3.—(Special) Alfred E. Lindsay, who was indicted recently on charges of grand larceny and embezzlement on the testimony of women, many of them prominent socially, that the broker talked them out of money aggregating nearly \$1,000,000 in a "stock pool" swindle, is now under arrest.

The amazing story of how Lindsay "out-Wallingforded" Wallingford was disclosed when a full list of his society women victims in a \$700,000 swindle was made known by the district attorney's office.

This followed the filing by Mrs. Lillian N. Duke, divorced wife of James B. Duke, the "Tobacco King," of a suit against Lindsay and his wife, Elsie Behr Lindsay. The action was to restrain them from selling or mortgaging their estate at South Nyack, New York.

The settings and the deceit practiced by Lindsay, according to Assistant District Attorney Richard E. Murphy, and the cleverness he displayed in holding the confidence of his victims and in having them remain silent even to their most intimate friends, has seldom been equalled.

Introduces Governor.

"Bill will you introduce the governor to the boys?"

Governor Robertson shook hands with a reporter, with Judge Zwick, and one or two other men as he followed Mr. Crume through the crowded room. The first man Mr. Crume met was James G. Lyons, president of the Lyons Petroleum company, a director of the Guaranty State Bank when it was merged with the Bank of Commerce and president of the depositor's organization formed after the failure of the bank on November 2.

Turning to the governor, Mr. Crume said:

"I want you to meet the governor, Mr. Lyons."

"I wouldn't shake hands with the _____" Mr. Lyons declared, according to Mr. Crume and according to Mr. Lyons' own admission.

Governor Robertson struck a blow at Mr. Lyons with his right fist, but Senator G. R. Pomer, who was standing beside the two men intercepted the blow. In a moment Mr. Lyons and Governor Robertson were exchanging blows and struggling to free themselves from the grasp of spectators who intervened. A half dozen blows were exchanged and the crowd of men in the office surged back and forth.

Spectators gathered in the hallways around the door. Governor Robertson attempted to remove his overcoat, meanwhile struggling with the men who held him.

"Let me go," Governor Robertson said. "I am a man."

Officers formed a guard around Governor Robertson and forced their way together out of the office and to the third floor of the court house. Later Governor Robertson and his party, accompanied by officers, left the court house and went to his suite in a hotel a block from the court house. Mr. Lyons remained in the county attorney's office and all but a few friends were excluded from the office.

Officers ordered spectators to leave the halls of the court house, but many persons loitered about the corridors and some of them remarked that they had a right to stay in the court house since they were tax payers. Although excitement ran high, there was no disorder as a result of the affair.

CHILD WIFE SUES FOR DIVORCE

Mrs. Mary Philbrick.

Mrs. Mary Philbrick, Cambridge, Mass., has sued her husband, George Philbrick, for divorce. She was married at fifteen. She seeks the custody of their year-old child.

CHURCH REFUSES CHANCE TO TALK

Condemned Man Recognizes Father and Mother But Clings To Silence.

Mrs. Lillian N. Duke.

Story Told His Victims. Lindsay, big and handsome manufactured tales of how he was in the innermost confidences of the "financially great and socially elect" and how he was a member of a mysterious club. This club, he said, met nightly in the Ritz-Carlton hotel, where none but those sworn to secrecy were admitted and then only by key and where the big operations in Wall Street were outlined to make those admitted wealthy.

Although he has been operating for years, each of the victims, Mr. Murphy said, thought she was especially favored and the only one to whom he was confiding his inside knowledge of the financial world. He used the names of Rockefeller, Vanderbilt, Baker and Stillman as ordinary by-words, which meant for him the unfolding of the great financial secrets of the country.

Mrs. Duke Out \$375,000. In fact, he was less successful in impressing upon his victims his closeness to the great financiers of the country. Murphy said, that it was not until Mrs. Duke went to her attorney to begin action to stop the sale or mortgaging of the South Nyack home of Lindsay that the first intimations of Lindsay's extensive operations became known.

Mrs. Duke seeks to recover her entire personal fortune of \$325,000 in cash and \$50,000 in jewelry which she turned over largely in cash to Lindsay to invest for her in securities.

SPEAKERS NAMED FOR RECRUITING

World War Vets Who Have U. C. V. Relatives Urged To Join the Grays.

Speakers who will assist in recruiting sons, daughters, grandsons and granddaughters of the Confederacy to take out fulfilled membership in the A.A. camp at its meeting Sunday afternoon at 2:30 at the City Hall were announced this morning by Capt. A. M. Crow, camp commander.

They are Dr. A. Linscheid, president of East Central Teachers college; Jim Dean, M. C. Grigsby, District Judge J. W. Bolen, A. C. Clegg and others.

This is the first time in the history of the United Confederate veterans that relatives could take out regular memberships. Captain Crow said, "Heretofore they have been admitted only as associate members.

We especially urge former soldiers, members of the American Legion, who are sons or grandsons of the Confederacy, to join the United Confederate Veterans," Captain Crow said. "They will furnish the young blood and keen enthusiasm needed to carry on our work, much of which soon will feel the effects of a rapid decrease in the ranks of actual Confederate soldiers."

News From Leaking Norwegian Ship Is Sought by Wireless

BOSTON, March 3.—Radio stations along the North Atlantic seaboard today were actively seeking news from the Norwegian steamer Gornost, Galveston to Esbjørn which was reported sinking yesterday with 20 men aboard, 500 miles southeast of Cape Race.

The latest word from the Gornost said all her life boats had been swashed by the stormy seas. The steamer Estonia was reported on her way to the sinking steamer.

OKLAHOMA WEATHER. Tonight and Saturday fair, rising temperature.

TRAIL BOOSTERS READY TO START PYRAMID BUDGET

Intersection of Oak Avenue and Main Selected As Place for Marker.

SEEK NEW MEMBERS

Committees Chosen For An Intensive Campaign Here Next Week.

Ada's Ozark Trails pyramid will be erected at the intersection of Oak avenue and Main street, it was decided at an enthusiastic meeting of the Good Roads Motor club held last night in the Chamber of Commerce rooms.

Selection of a site for the Trail's guide-post marks the first big step to be taken by the club to assure the bringing of this highway through the city. Enthusiasm dominated the meeting as members resolved to put over the Trails project and definitely place Ada on the Stratford-Texarkana route.

Oak avenue and Main street intersection was selected, members said, to eliminate the chance of traffic congestion which probably would result if the pyramid were placed in the heart of town.

Four committees from the Good Roads Motor Club who will be in charge of raising funds for paying Ada's quota in the Trails movement were announced Friday morning by N. B. Stall, club president. They will quarter the town and start active campaigns within a week's time to raise a big Ozark Trails membership here.

Committees Named.

Committees, tentatively, are as follows: west of Broadway and north of Main street—E. H. McKelvie, Sherwood Hill, and Mr. Oliver; south of Main and west of Broadway—Jess Emry, Tom McCarty, W. M. Emanuel and R. W. Simpson; east of Broadway and south of Main—Lankford Shaw, W. E. Harvey and Charles Zorn; east of Broadway and north of Main—T. E. Blake, W. G. Moser and Walter Wray.

Membership in the Ozark club will be \$5 a year, \$25 for ten years or \$100 for life.

Everybody, it seems, is for this movement. There can be no estimate placed on the value that will result to Ada from being located on the Ozark Trails. A well marked, nationally advertised highway will bring hundreds of tourists through here annually besides increasing our own convenience of travel," Mr. Stall said. "The Oklahoma Portland Cement company has donated cement and crushed rock for the pyramid. I am sure the rest of us will do our part."

NEGRO HELD IN CANADA TURNED LOOSE FRIDAY

(By the Associated Press) HAMILTON, Ont., Mar. 3.—County Judge Snyder today released Matthew Bullock, American negro, who was held at the request of United States authorities for an extradition to Norlina, North Carolina, where he is wanted on a charge of attempted murder. The southern state refused to send witnesses to Canada to testify in extradition proceedings.

The judge ruled when Bullock was re-arrested two weeks ago that witnesses must be produced by North Carolina to establish a prima facie case against the negro. Governor Morrison of North Carolina, refused to send witnesses here and the judge held that affidavits submitted by the United States consul were not sufficient proof of the prisoner's guilt.

REILY MADE SUBJECT OF GOVERNMENTAL PROBE

(By the Associated Press) WASHINGTON, Mar. 3.—An investigation of the "official conduct" of Governor E. M. "Mont" Reily of Porto Rico by the house insular affairs committee is proposed in a resolution introduced today by Representative Humphreys, democrat, Mississippi. Such an inquiry has been requested by the Porto Rican senate.

"No Witness Goes Before That Grand Jury Unless I Consent," Is Ultimatum

Chief Executive and Prosecutor Glare Across Desk at Each Other While Hot Word Battle Rages in Awful Fury Over Dismissal.

OKMULGEE, March 3.—In a dramatic scene enacted in the court house this morning, County Attorney James Hepburn refused to consider Governor Robertson's request to appear before the district court grand jury which is investigating the failure of the Bank of Commerce of Okmulgee and emphatically declared that Governor Robertson couldn't supersede him in conducting the probe. Governor Robertson reported that he had the power to supersede the county attorney.

"No witness is going before that grand jury without my consent. I don't give a d— if he is the governor," Hepburn shouted as he pounded the desk before him with clenched fists. "I am going to tell you just as I told George Short to tell you the other morning that no man is going to supersede the action of the county attorney of this county," he added. "You have got no power to supersede me, governor. You know better than that, Jim."

"I have got power to supersede you," Governor Robertson replied.

ALL-STAR TEAMS ANNOUNCED SOON

Tournament Will Advance Many Stars to Limelight, Coaches Believe.

Lydick Intervenes.

J. D. Lydick of Oklahoma City, who accompanied Governor Robertson to the county attorney's office where the interview took place this morning, after several efforts to intervene in the exchange of remarks between the governor and the county attorney, finally succeeded in gaining the attention of the two men and said:

"Mr. Hepburn, we have come to present this letter to you and if I can't talk to you without having the desk in front of me pounded to pieces we will not remain."

Mr. Lydick had just presented Mr. Hepburn with the following letter:

Hon. James Hepburn,

"County attorney,

"Okmulgee county,

"Foreman of Okmulgee county grand jury: In the investigation of the affairs of the closed Bank of Commerce at Okmulgee and my relations thereto, nothing should be concealed from the grand jury. I have personal knowledge of many most important facts not known to that body and without which it can hardly arrive at just conclusions.

"I am here to personally offer to go before the grand jury to testify as to all matters properly before it. I expressly waive all privileges and immunities from prosecution and claims there to on account of so testifying and I am here that I may be as fully proceeded against as if I did not appear and testify.

BIBLE THOUGHT FOR TODAY

SRETURN TO THE LORD:—Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon.

KEEP THE BARS UP.

As we see it no valid reason can be advanced against a rigid limitation on foreign immigration to the United States. In times past the sentimentalists loudly proclaimed that America was a haven of refuge for the oppressed of every land and with steamship companies carrying on an active propaganda in every country that promised to furnish a goodly list of passengers to this country America was flooded with a general mixture of the world's riff raff along with a smaller element of desirable immigrants. When the war broke out this element showed its head in many threatening forms.

Most of the domestic troubles were caused by men bearing unpronounceable names; who had no sympathy for American ideals and whose governing motive was anarchy. They are still with us but we need no more of their kind. Hereafter the desirability of an immigrant and the prospect of his becoming a loyal citizen should be rigidly inquired into before he is admitted to our shores. In this way the country will get only the most desirable element and bar out the dangerous ones. By all means keep the bars up.

Lloyd George, the British prime minister, is threatening to resign. When he goes out of power the last of the men at the head of the various nations during the war period will have disappeared from official life. All the others went out in rapid order after the war closed, but Lloyd George held on because there was no one else big enough for the people to risk putting in his place. Lloyd George has had a tempestuous career. From his youth up he has been a fighter and he fought his way from a shoe cobbler's shop to his present high position. Enemies he has had in droves but has always proved more than a match for them. He has guided the ship of state through the most critical crisis in modern times and will always hold a high place in British history.

One great cause of trouble is the narrowness of men who refuse to look at but one side of a question. No man can get a very good idea of a big house by looking at only one side and refusing to look at any other side or at the inside. The half dozen blind men of the old story who went to see the elephant obtained different impressions of the animal, each basing his impression on the part of the animal with which his hands first came in contact. All were partly right and yet all were very wide of the reality. All sides of any question must be studied before a man is capable of forming an unbiased judgment.

Indications are that the treaties entered into by the armaments conference will be ratified by the senate. Thus we shall see in actual operation treaties with the United States a working member. We believe that great good will come from the Pacific agreement, for it puts reason ahead of feeling. The next great war will in all probability be fought on the Pacific with the yellow races on one side and the white races on the other. The Pacific agreement is an attempt to make impossible any such war, or at least to delay it as long as possible.

Wheat and hogs are getting back to profitable prices. Pontotoc County is not particularly well adapted to growing wheat, but we know of no place in the state better adapted to hog raising. We can grow the oats, barley, corn, and grain sorghums, and alfalfa thrives on thousands of acres of low black land. So far as we know there is not a hog raising section of the United States that generally is not well to do. We hope to see Pontotoc County one of the leading hog countries in the Southwest.

Here is the way we heard a fellow put it the other day: "You are rude; I am frank. You are stingy; I am economical. You are radical; I am liberal. You are unreasonable in your foolish demands for certain things; I am positive in my beliefs." Is the man a fool or a philosopher?

A bit of wisdom from the Muskogee Phoenix: "We are not surprised to learn that the vaudeville artist who opened bear traps with his teeth was caught in the act."

In its efforts to please everybody in the soldiers' bonus matter congress has shifted from one position to another with the result that no one is pleased with any of it.

Watch the reformers claim that coffee is dangerous, now that Missouri woman is being sued for hitting her husband over the head with a coffee pot.

The citizen who can tell how all the organizations in town should be run usually declines to serve on any committee if asked to hold and help.

Let a NEWS WANT AD get it for you.

THOSE WERE THE HAPPY DAYS!

The Forum of the Press

Treatment of Insane.
(Fort Worth Record)

Asylums for the insane in every part of the country are reported filled with patients and most of the state legislatures are being impelled to increase present facilities by the enlargement of plants and the creation of new ones to care for the growing colonies of those who have been afflicted in mind.

If charges made recently by Dr. Charles A. L. Reed, formerly president of the American Medical Association, are justified the number of the insane could be reduced very materially by curing them. They are not getting the benefit of modern medical science; many of them could be cured if properly treated, according to Dr. Reed, who said:

"After a sufficiently careful survey of the entire field," said Dr. Reed, "I charge that under the existing system, for which medical administration is not responsible, the institutions for the insane in this country, with not more than a half dozen exceptions, do not give inmates the benefit of modern medical science. Such places are purely custodial, just jails. Many patients are committed and held who ought not to be there. Once in there, cases are not properly examined to find out what really is the matter with them.

"Many of them are committed for symptoms that are not diseases and are not treated for diseases that they do have."

"I charge that today there are hundreds of cases in the institutions of every state that could and would be cured if they were properly examined and properly treated. Such methods would not be countenanced in any hospital standardized by the American College of Surgeons."

"There is not a legislature in the country that does not owe it to itself to appoint a competent commission, which means an intelligent and disinterested commission, to ascertain the exact facts and then pass laws accordingly. What we need is a Charles Dickens in the medical profession to turn the eyes of the people to this public scandal."

When one having such a standing as has Dr. Reed in the medical profession expresses an opinion of this kind it is entitled to careful consideration. It should be called to the attention of legislatures, whether or not they are being importuned to establish new asylums, and they would do well if they would name commissions qualified to make an intelligent survey to investigate the management of the asylums and the manner of treating the insane. It is not enough that they be fed and clothed and kept from harming themselves or others; if there be any possibility of restoring any of them to usefulness it should be done.

Naming the Duplicate.
(Tulsa Tribune)

Students at Stillwater are protesting against the name of the "A. and M. College." All are not "Aggies" and those who are not of the "cow college" dislike the classification of "mechanics." They want the college called not the Oklahoma Agricultural and Mechanical College but the Oklahoma State College. This name of course, brings you right to Norman. What is the Norman institution if not in fact the Oklahoma state college?

"But the Norman institution is not a college at all, it is a university," we are sure to be reminded.

Very well, then, what is a university?

It is supposed to be a group of colleges under one administrative head.

Therefore, we have properly, if we name our institutions correctly, the

Colleges of Oklahoma at Norman under the administrative head at Norman. That is what we should have.

The demand for a new name at Stillwater again forces us to fight the fact that Oklahoma foolishly sacrificed school efficiency in her formative territorial days to accommodate various towns that wanted to pull some kind of a state plum.

Those who put the "A. and M. College" at Stillwater would not have dared tax the people with a state university at Norman and a state college at Stillwater. So they industrialized the name to get away with it and now the students protest against the name.

They may well protest for many of the students there are not working with soils or with drills. The state must maintain departments of literature and history and philosophy, chemistry and biology in both Norman and Stillwater. Foolish and expensive duplication.

It would be better and cheaper far for the state even now, with all the building investment already planted at Stillwater, to move the whole institution to Norman and make one truly great university there with as many colleges as there are vocational courses demanding them. That would be efficiency in education, it would be better stage building and better economy. But however much it would better the state you would hear Stillwater howl. And that is why the "A. and M." cannot be the "Oklahoma State College"—it suggests too well the waste of duplication that costs the taxpayers money. Stillwater had better take aside and speak to those who want to change the name of "A. and M."

"I charge that today there are hundreds of cases in the institutions of every state that could and would be cured if they were properly examined and properly treated. Such methods would not be countenanced in any hospital standardized by the American College of Surgeons."

"There is not a legislature in the country that does not owe it to itself to appoint a competent commission, which means an intelligent and disinterested commission, to ascertain the exact facts and then pass laws accordingly. What we need is a Charles Dickens in the medical profession to turn the eyes of the people to this public scandal."

When one having such a standing as has Dr. Reed in the medical profession expresses an opinion of this kind it is entitled to careful consideration. It should be called to the attention of legislatures, whether or not they are being importuned to establish new asylums, and they would do well if they would name commissions qualified to make an intelligent survey to investigate the management of the asylums and the manner of treating the insane. It is not enough that they be fed and clothed and kept from harming themselves or others; if there be any possibility of restoring any of them to usefulness it should be done.

But war on suggestiveness should not stop with the news stand literature. We encounter the flavor of it on all sides. The eyes and the ears of the young are regaled with it. If suggestiveness is to be routed the campaign guns must sweep the entire field. This is not to say that satirization on the salient isn't commendable at the outset of operations. It is. And that salient well may be the stuff that is offered the reading public with the approval of the postal authorities.

HAYS IS DECLARED TO BE G. O. P. FAILURE

WASHINGTON, Mar. 3.—A vigorous attack on Post Master General Hays was made today in the house by Representative Williams, republican, Illinois, who declared that the retiring cabinet official "has been the one disappointment of the first year of the republican administration."

Therefore, we have properly, if we name our institutions correctly, the

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that Indigestion is caused by Hyper-acidity meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Adv.

BASKETBALL TEAMS BATTING TODAY

(Continued from Page 4)
Holdenville played the best game of any men on the floor up to this time, while Thomas stood the brunt of the playing for the Tishomingo squad. Immediately after this game the Holdenville girls eliminated Roll girls 27 to 10.

The best game of the afternoon came when Blanchard and Okemah boys tangled. Both teams were about equally matched and both came here with a good season's record. Okemah took the first half with ease, but the last half was anybody's game. This game started pep right and it continued through the afternoon. The final score was 30 to 34, Blanchard being eliminated. Stevens and Garrison starred for Okemah while Morgan was the best man at getting ringers for Blanchard.

Stonewall Eliminated.

Weleetka girls eliminated Stonewall 28 to 15 in a slow game, with Good and Krallman at forward doing most of the work. Wetuka boys eliminated Stonewall boys in the next game of the afternoon 16 to 10 with Kirkpatrick starring. This concluded the afternoon's games.

Sulphur won an easy game from Francis in the next contest, the score being 30 to 13. Francis teamwork in the last half was good but poor goal shooting put that team at a disadvantage. Rose and Sampson were star men for the small score team, while Wright and Leonard put up the fight for Sulphur.

The largest score of the meet came when the Ada girls eliminated Oakman 38 to 11. Every girl on the home squad was in good shape for the game and easily made score after score. Coach Felix used his substitutes most of the game. Wetuka girls, state champions of last year and winners of the district cup here, made a good start when they eliminated Sulphur 30 to 15. Kiker of Wetuka made the highest score. The last game of the first day was played between Latta and Stratford boys. Stratford won 22 to 9. Garrett and Wilson were high school men for Stratford.

In 1920 the total production of cement in the United States was about 300,000 barrels.

A GREAT BOON

Francis scouts are active again. Willie Paine is the first scout there to become a first class scout. Bill Willingham, Harry Felter, Ivan Salter, Martin, Cecil Stephens, and Harvey Mathews have advanced to second class rank.

Stonewall scouts met at a called communication with the scout executive Tuesday. Many scouts there will pass into second class rank by Sunday.

The Stunt Night program at the Methodist church was attended by 20 scouts Monday evening. W. L. Whitaker delighted the boys with a fine description of Alaska's mountains and steams, icebergs, whales, seals and bears. R. W. Simpson, president of the court of honor, awarded nine merit badges to Donald Wilmoth and three to Verdell Chaffer, Myrtle and Fred Calmus, Claude Jeter, Owen Boswell and Harvey Croth were awarded tenderfoot badges. Jack Dixon, Tolian Lewis, Creston Threlkeld, Hoyt Pryor, Earl Phillipot, Valter Turner, and Lewis Thomas received their second class badges.

James Greer of Troop 3, Nolan Hall and Wilbur Roberts of Troop 7, and Delbert Jeter of Troop 2 passed their tenderfoot tests this week.

George Kitchell of Troop 9 says he can beat Jack Cern and his pony, Daisy, to the rank of first class scout.

Washington school troop under H. E. Hamilton, scoutmaster, has eight second class scouts, Willard school troop nine, Hays 1, Irving 14, and Glenwood four. All other troops are new ones except Irving.

February was a busy month for the Pontotoc County council. Fathers and Sons luncheons were held at Roff, with 65 present; at

Ada with 300 present; Allen with 100 present; and at Stonewall with 65 present.

Two hundred persons heard the Ada high school band at Fitzhugh and 300 people at Vanoss heard the Treble Cleff club at the Teachers College.

Twenty four second class badges were awarded to scouts of Ada; 18 second class, 2 first class and two tenderfoot badges to scouts at Allen; eight second class badges to scouts at Latta; three first class and four second class and nine tenderfoot badges at Stonewall; nine second class and two tenderfoot badges at Vanoss, and four second class badges at Fitzhugh. Sixty-one merit badges were awarded. A party was given for the high school band boys and their girl friends. Ten store windows were dressed by the city troops in a contest and several troops hiked to the boy scout lodge for overnight stays.

In addition to this the scout executive spoke to many boys on scouting at various places in the county. The county extension work, through the kind co-operation of Ada people, including school principals and teachers, the high school band, Treble Clef club, high school glee clubs, and Ada ministers have delighted and helped many people during the month.

Hays Building Notes

The girls chorus sang at the Methodist church Sunday night.

Hays boys basketball team defeated the Normal training school last Friday afternoon by a score of 31 to 6.

County Superintendent A. Floyd visited Hays Thursday afternoon, gave a little talk and presented the school with two pennants, which the school won in the 1921 meet. One for the mixed chorus and the other for baseball. It was because of a lack of funds that these pennants were not given out last year.

Hays girls' basketball team played a practice game with Willard last weekend and lost by one point.

The students conducted a pie, cake and candy sale for the Mothers' club Thursday, but owing to so short a notice there was not very many brought to sell. About \$5 was taken in.

The new hotel Commonwealth in New York has 2500 rooms.

Washington News

Mrs. Lucy Henderson, health nurse, has been working in Washington school for the past week.

Our boys played their first tournament basketball game last Wednesday, with Willard school. We won 22 to 1.

In spite of bad weather, attendance at Washington school has been good this week.

Our boys will meet Hays school in a tournament basketball game this afternoon in the high school gymnasium.

There will be a ciphering match this afternoon between Egypt and Washington schools at the Washington school building.

Ontario, Canada, has paid \$164,000.000 in war service gratuities.

SPORTS

NEWCOMB, FORMER EAST CENTRAL BASKETBALL MAN, BRINGS TEAMS

W. K. Newcomb, high school coach is among the well known athletic leaders here this week with teams entered in the district basketball tournament at East Central Teachers' College.

Newcomb is a former East Central basketball star. He is coaching his first teams but with considerable success according to a season's showing. Francis boys lost last night to Sulphur boys, however, by a score of 30 to 13 in the tournament preliminaries.

Last year Francis high boys annexed district championship in the tournament here and made a strong bid for the state title. Some of the best material on the boys teams has been lost since last year by graduation.

The Francis girls' team has lost but one game, until the tournament, and the boys have played a successful season. Ada high school boys lost to Francis 14 to 12 and Ada girls lost to Francis girls early in the season by a small score.

Members of Newcomb's boys team are: Sampson, Willingham, Rose, Patterson, Stephens, Norman, Miller and Lance.

His team of girls is composed of E. Johnson, C. Johnson, O. Keene, L. Sharp, M. Watson, J. Willingham, E. Durham, and L. Miller.

Good luck followed the Francis girls this morning when they met and defeated Stratford high 26 to 16. The next game for this team comes tonight at 8:30 when they meet Weleetka girls in the first semi-finals. Newcomb is confident that although his team is meeting a formidable opponent in the first semi-finals, it will advance well into the tournament.

Big League Moguls

"Bobby" Quinn of the Browns

Scotch Golf Expert Hired As Instructor by St. Louis Clubmen

(By the Associated Press) ST. LOUIS, Mo., March 3.—Sandy Aucteronie, Scotch-born golf professional, has been engaged as instructor at the Normandie Golf Club here. He held the same position at the Algonquin club here last year.

Aucteronie is considered one of the best golfers in the world at playing the mashie shot and is a member of a family of Scotch golfers who have been famous in British sporting circles for years.

Before coming to America, Aucteronie was professional at one of the famous St. Andrew courses, his fame being greater as an instructor than as a championship player. His skill is said to be so great and his control so fine in making the mashie shot that he can shoot a ball off a target without harming the time piece.

85 Ada High Singers Will Carry Parts in Operetta Here Soon

The operetta now being prepared by musical organizations of the high school promises to be one of the most pleasing that has ever been given by that institution. "Cherry Blossoms" is the name of the affair, which is to be given in the McSwain Theatre on the night of March 8. Miss Inez Donaldson has charge of the work. Students have been practicing since before last Christmas on some of the parts.

More than 85 singers and actors will appear on the stage during the play. Gorgeous costumes will be worn and the setting will be appropriate. Some of the best singers in the city will appear in chorus, duets and solos.

On the evening of March 9 the regular picture bill will start at 7:00 o'clock. Immediately after the conclusion of the picture, the curtain will rise and at 8:15 students will start with the operetta, in regular show style. High school authorities are enthusiastic over prospects for the play.

25 TEAMS ENTER CAGING TOURNAMENT—NOW UNDER WAY

A report from the registrar's office at the Teachers college stated that only 25 high school teams had entered up to last night in the district basketball tournament. Several teams were unable to get here on account of the bad weather. Rooms were being obtained for all players who came here, it was said, and all plans were going off on schedule.

Teams that had enrolled were as follows: Sulphur boys and girls, Hickory boys, Center boys, Latta boys, Lehigh boys, Okemah boys and girls, Wetumka boys. Francis boys and girls, Wewoka girls, Weleetka girls, Oakman boys and girls, Blanchard boys, Tishomingo boys, Roff boys and girls, Stratford boys and girls, Stonewall boys and girls, Shawnee boys and Pauls Valley boys.

Teams eliminated in the first preliminaries were leaving for home today. Others were making ready for a long hard battle to win the championship, because it was evident after the first day that at least four teams were coming strong in both classes.

Robert Quinn.
By NORMAN E. BROWN

WISCONSIN MAY ENTER GOOD MEN

Veteran Track Stars Make Up Badger Squad Going To Illinois March 4.

(By the Associated Press)

MADISON, Wis., March 3.—Wisconsin will be represented at the Illinois Indoor track carnival March 4, by strong entries in all events. Veteran track men will makeup the Badger Squad, which expects to come through the meet with a standing among the leaders.

Injury to Finkle, Wisconsin's leading two-miler, who broke his leg at Notre Dame, handicaps the four-mile relay team which was counted on for a win. In the other three relays, the mile, two mile, and medley, the Badgers will have represented entries.

Spetz, Johnson, Stolley and Wade make up the mile team. The first three are all W men in the dashes, while Wade is a newcomer, who is showing speed. In the two mile relay, Ramsay, Wade, Holfield and Wille make up the team, all of them men with experience, except Wade.

Spetz, Johnson, Ramsey and Wall are the medley event are one of the fastest combinations in the conference. Each of the men has won his letter in the distance he runs and each is regarded as a leader among conference track athletes. Spetz and Johnson in the dashes, Ramsay in the half-mile and Wall in the mile are depended on by Coach Jones to place high in the event.

Seek Individual Honors.

Captain Knollin has been chosen by Coach Jones to compete for individual all round championship honors. He is entered in the 75 yard dash, and the 75 yard high and low hurdles.

Dale Merrick who won the conference pole vault last year will enter the event at Urbana, while Wall, who won the mile race in the 1921 conference meet will again be an entry in the 1000 yard and 1500 yard runs.

Besides Knollin in the hurdles, the Badgers have Stolley and Hewell, both experienced men. Platten and Gibson in the high jump are counted on for places with Sundt and Capen expected to score in the broad jump.

Sundt, who placed third in the conference last year, will again put the shot for the Badgers.

The loss of Finkle for the remainder of the present season at least, breaks up the well-balanced Wilson team that would otherwise have been available for the conference during the present year. He was counted on as a sure first place man in the two mile, having won the conference cross country race and recently broken the indoor Wisconsin two-mile record by nearly three seconds.

Royalties of more than \$50,000 yearly go to Rose O'Neill, inventor of the Kewpie doll.

At one time kings and nobles were the only persons permitted to wear beads.

Every man in Germany with an income of \$20 pays income tax.

Capt. Charles L. Hussey.
Capt. Charles L. Hussey has been ordered to London as naval attaché at the American embassy there. He succeeds Rear Admiral Nathan C. Twinning, who has been designated to command the special service agency.

Movieland Queen Is Real Diplomat

Miss Betty Blythe with Tris Speaker, left, and Hughie Jennings at Dallas, Tex., training camp.

When Manager Tris Speaker led his Indians onto the field for one of their recent training sessions at Dallas, Tex., Hughie Jennings, right hand man to John McGraw with the Giant

crew, and Betty Blythe, movie queen and star of "The Queen of Sheba," were on hand to greet him. Miss Blythe proved that she's regular diplomat. She wished both the Indians and Giants luck in the coming cam-

paigns, but when Speaker laughingly asked her who her favorite in the world series would be should her good wishes help them she replied: "I think the series would be very close."

By NORMAN E. BROWN

ALMOST A CHAMP.

That's what Charlie White has been for several years. And now he and his friends see his golden chance coming to drop the "almost" and wear a crown. His chance is coming in his bout with Benny Leonard this month.

White looms up now as at least the hardest hitting opponent Benny has. Charlie again made clear his position in the lightweight ranks when he all but stopped Willie Jackson the other night.

Consider for a minute that only one man in the biz has dropped Willie for the count. That man is Johnny Kilbane. And that defeat came in 1916 when Willie still had a lot to learn and lacked the ruggedness he has now.

For further information regarding White's terrific left inquire of Matt Wells, Milburn Saylor, Joe Thomas, Jake Abel, Joe Azevedo, Sam Robideau, Matt Baldwin, Gilbert Gallant and several others he has knocked out.

White has come within an ace of being champ on three occasions. His lack of resourcefulness and his slow thinking prevented him from beating Willie Ritchie to the floor when they met while Willie was king. Freddie Welsh was lucky to cling to his crown when White took him or at Brighton Beach in 1915.

And then came that memorable bout with Champion Benny at Benton Harbor two years ago. Leonard took the bout lightly. Failed to train to the limit. White got through Benny's perfect defense with that crashing left hook and almost ruined Benny's future.

White's work this winter has shown he is in his form. If he can hold that form against Leonard and tear in at every opportunity he will make Leonard fight as the New York lad never has fought before to retain his crown.

Jack Britton has shown that age and service can't hold a good man down when his time comes. May be White can pull a Britton.

WILLIE HOPPE PLANS TO TRAIN FOR CONTEST

ST. LOUIS, Mo., March 3.—Willie Hoppe, who will attempt to regain the world's 18.2 balkline championship from Jake Schaefer, Jr. of Chicago, in a 1500-point match at Chicago, March 27, 28 and 29, plans to train in St. Louis for at least ten days prior to the contest. This announcement was made by Charles C. Peterson, local billiardist, who accompanies Hoppe on exhibition tours.

Peterson said he would add in conditioning Hoppe for the championship match and that a physical trainer also would be employed for putting the former champion into shape. Hoppe held the title for sixteen years.

O'Reilly Heads Tiger Nine.

ST. LOUIS, Mo., March 3.—Dick O'Reilly of St. Louis has been elected captain of the University of Missouri baseball team. He played left field on the team last year and was a heavy hitter.

OKLAHOMA MAKES ALL-STAR LISTS

Sooner Basketball Coach Announces His Selection For Mythical Team.

NORMAN, Mar. 3.—(Special)—With the close of the basketball season comes the choice of mythical honor fives of the different conferences and associations. The Sooners close their 1922 season with the University of Missouri at Norman Saturday, March 4, but Oklahoma has already met every team in the conference. Coach Hugh V. McDermott, Sooner mentor, made his all-Valley selections first and second team, Thursday.

Here they are: First team—Brown, Missouri, forward; Rody, Kansas, forward; Waite, Oklahoma, center; Bond, Missouri, guard; Endacott, Kansas, guard.

Second team—Pavseur, Drake, forward; Wilhem, Drake, forward; Wolf, Kansas, center; Cowles, Kansas, Aggies, guard; Black, Kansas, guard.

Racing Innovation May Be Introduced At Miami Contests

TOLEDO, O., March 3.—An innovation in Grand Circuit racing will be introduced at the opening meeting of the Grand Circuit at the Fort Miami track here July 10 to 15. When the eight stakes to be raced at the meet will carry \$10,500 added money, according to an announcement by officials of the Toledo Driving Club. While the stakes will be for the same classes as were raced her last year to the opening meeting, all of the events, except one will carry added money instead of purses.

Never before has the added money plan been tried on the Grand Circuit with the exception of the sweepstakes, but it has proved successful in the West and some parts of the East and word has been received, by the local driving club, from some of the leading reinsmen of the Grand Circuit who expressed themselves as heartily in favor of the plan, which is expected to result in more money for each race than under the old scheme, of purses offered for the early closers.

7 WRESTLING SWEATERS FOR MATMEN OF O. U.

NORMAN, Mar. 3.—(Special)—Seven wrestling letter sweaters will be granted members of the Sooner's 1922 grappling squad due to decisions or falls these wrestlers gained over opponents during the season. Three letters were granted in 1921 for the first "O's" ever granted wrestlers at Oklahoma.

The men to receive letters for this year's work are: Russell Grimes, Walters; Alvin Jackson, Mangum; G. E. Smith, Norman; Francis Cooper, Watonga; William Armor, Canton; Dewey Walden, Marietta, and James LaMar, Morris.

M. F. Manville has received notice from the postoffice department that a man will be here next Monday to check him in as postmaster for Ada. It is expected that he will take charge not later than Tuesday morning, March 7.

Basketball Teams Go Into Determined Battle Today For District Leadership

Here With Teams

J. O. VERNON, Coach Okemah High School

R. B. FROST, Coach Holdenville High

Two schools which have sent teams of outstanding promise for the district basketball tournament now in progress here are Okemah and Holdenville. J. O. Vernon, Okemah coach, is a graduate of East Central Teachers college and is principal of Okemah high.

Okemah won undisputed championship of Okfuskeee county and had been defeated only twice this season when the tournament opened here. Crowder boys beat them early in the season 10-13 and Henryetta boys nosed them out 25-26.

Frost's Holdenville teams also look good. His girls team has scored a total of 424 points to 260 and the boys, 232 to 117. Holdenville girls, up to February 8, had defeated Ada, Tecumseh, Francis, Dustin, Calvin Stuart, Ada Normal, and Lamar. They were beaten by Weleetka. The boys downed Ada, Stuart, Calvin, Tecumseh, McAlester, Francis, Weleetka, Buchner, and East Central second team. They were beaten by Crowder and Henryetta.

Let a News Want Ad get it.

MOST BEAUTIFUL LIPS IN WORLD HERES, SAYS ITALY

Signorina Euriglio.

Leading artists of Italy have proclaimed the rosebud lips of Signorina Euriglio of Rome the most beautiful in the world. They say her style of pulchritude resembles the style sung into fame by the poet Rossetti. She is known as one of the prettiest women in Europe and her beauty has been praised by painters and sculptors all over the world.

Ada high school girls lost their chance by a hair's breadth to write their names prominently on the pages of sport fame, this afternoon when they were defeated by Weewoka girls 13 to 17 in the second lap of semi-finals in the district basketball tournament being held in East Central college gymnasium.

This is the second time Weewoka has beaten Ada by only one point this year. She eliminated the locals in the semi-finals last year.

The game this afternoon ended 16-16. In the extra period Ada made a foul goal but Weewoka chalked up a field goal, continuing their march toward district championship.

McComb defeated Maud high school 30 to 16.

The last game played before the News went to press was the Ada-Wetumka boys game. According to reports the Ada men were leading by a score of over 40 to about 11. No doubts were held but that the Ada men would take an easy victory, putting them into the semi-finals. This is one of the best snowings made by any boys team during the tournament. Coach Cox's men have been able to get farther along in this tournament than any they have before participated in.

Holdenville Wins Easily.

The ball was put in motion again this morning when the Hickory and Holdenville boys' squads clashed in the first of the second lap of preliminaries. It was an easy game for Holdenville. That team made a new record for high score by winning 41 to 25. Campbell put up the fight for Hickory, but went down under the offensive of Harmorn, backed by good floor work of his team mates.

First real excitement of the entire tourney came when Wetumka and Weleetka girls played in the next second preliminary. Weleetka had made an easy sweep of all games until they met this sextet. At the end of the first half the score stood 15 to 8, but Coach Green gave his girls the necessary encouragement for the next half. Both teams showed up better in this half, although the Weleetka girls had the best of the scoring. The final score was Weleetka 21, Wetumka 20.

Tiger, the stellar forward for Wetumka, played eight minutes of this game with a large splinter in her leg, and the attention of a doctor was required following the game. Wetumka had the lead by one point, following a sensational come-back, but Weleetka managed to luck in one more field goal, winning by one point. Wood and Kralman continued to star for the Weleetka sextet.

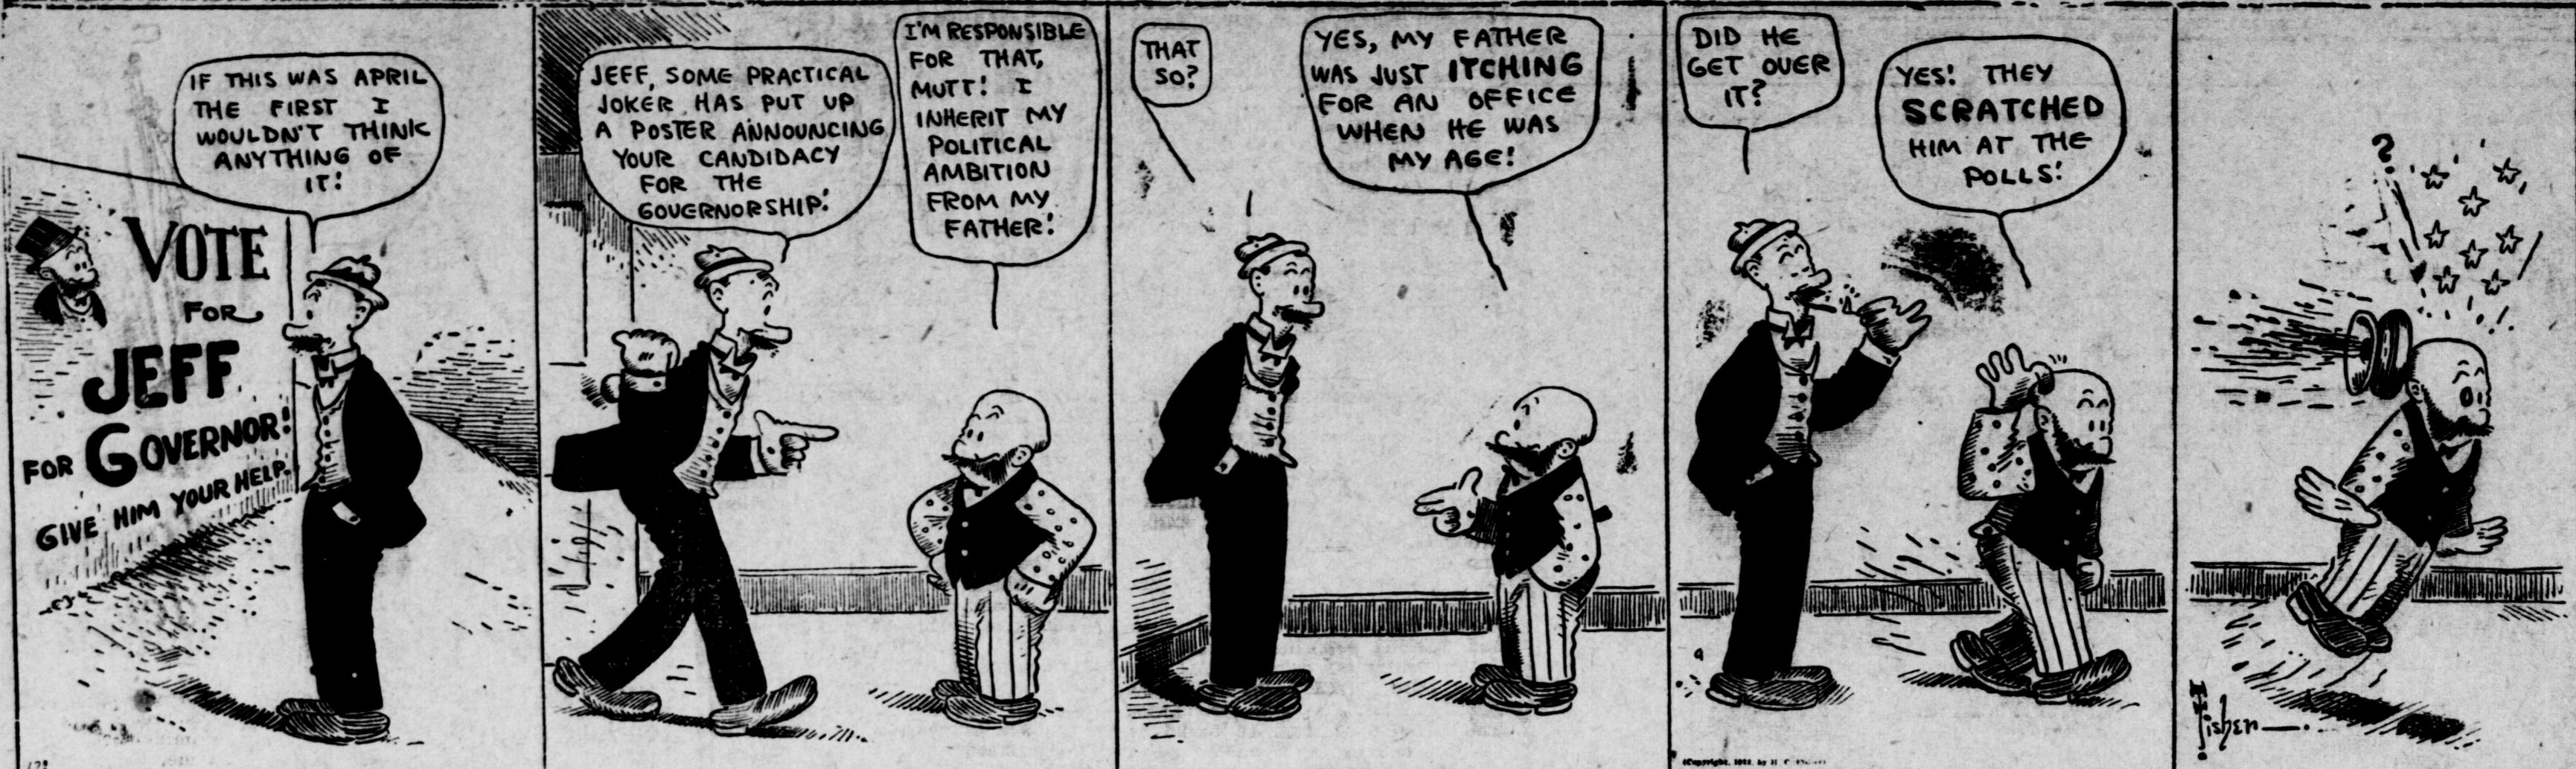

Stratford Eliminated.

Francis eliminated Stratford girls in an easy game 26 to 16. E. Johnson was stellar player in this game. Winning this game earned Francis girls the right to meet the Weleetka girls tonight at 8:30. Holdenville and Maud were scheduled to play at 1:30 this afternoon. Stratford and Sulphur boys were to meet in the second preliminaries at 3:30, and Roff and Holdenville boys were to meet at 5:30. The 2:30 game was to be between Okemah and Lehigh, which concludes the second preliminaries.

Tonight will see the teams winning in the above games rounding into shape for the semi

brings back the glow to your cheeks, the spring to your step and the glorious feeling of buoyant health to every fibre of your body. At all good druggists.

CROWDED COURT SEES ENCOUNTER

of the Oklahoma National Guard. Christopher Can't Return OKMULGEE, Mar. 3.—Sheriff Frank Sowers is seeking an interview with Governor Robertson, he announced this afternoon, to inform him that he thinks it unsafe for Superior Court Judge Christopher to return to Okmulgee and take up his duties as judge.

Governor Undefeated

"I will say this that I can't be blocked physically, legally or any other way," Governor Robertson said, after retiring to his hotel.

"I wonder if the people know Lyons had a deposit of \$18.75 in the bank and owed the Bank of Commerce \$10,000 on a note," the governor inquired.

"Who started the fight?" County Attorney Hepburn asked immediately after the disturbance, pushing his way to where the governor and Mr. Lyons stood facing each other.

A spectator spoke up and said: "Lyons started it."

"Arrest him," Mr. Hepburn ordered Sheriff Frank Sowers.

When he learned that Governor Robertson was the other participant in the fight, County Attorney Hepburn ordered his arrest, but later told Sheriff Sowers not to carry out the order. Mr. Lyons, although not in custody, is technically under arrest. No effort was made to prevent him from leaving the court house.

Notice by Publication. State of Oklahoma, Pontotoc County, ss.

In the District Court in and for Said County and State.

W. M. Whitlark, plaintiff vs. A. E. Whitlark, defendant, No. 5386.

In the name of the state of Oklahoma: Said defendant, A. E. Whitlark, will take notice that she has been sued in the above named court by the plaintiff W. H. Whitlark for divorce upon the grounds of abandonment, and must answer the petition filed therein by the plaintiff, on or before the 12th day of April, 1922, or said petition will be taken as true and a judgment for said plaintiff for divorce against said defendant will be rendered accordingly.

(Seal) Attest: L. E. Franklin, court clerk, Pontotoc county, Oklahoma, by Clint Miers, deputy.

Dean & Burris, attorneys for plaintiff. 3-2-9-16-td

Chaney & Huffar Dissolve Partnership.

On account of both being candidates we desire to announce that effective March 1, 1922, the partnership of Chaney & Huffar, as attorneys is dissolved. We will take care of all business which we have taken together, but in all future business we will be separate and apart. Mr. Chaney will remain in the office where he has been for the last three years, and for the time being Mr. Huffar will occupy the office adjoining his.

A. C. CHANEY, D. W. HUFFAR.

Farmers' Column By Byron Norrell

Poultrymen all say that to get layers for next winter the chicks should be hatched in March and April. Of course winter eggs are the ones that bring the good prices and that is what we all want.

Just now there is a great deal of interest in poultry raising. The following article may prove helpful to those who are after a heavy yield of eggs:

A great increase in our annual egg production may be expected when poultrymen and farmers in general recognize the importance of animal feeds in rations for the laying flock. The demonstration of the superiority of feed combinations containing meat scrap, milk and its products, tankage, or fish scrap is one of the most valuable additions to our knowledge of poultry management contributed by the United States Department of Agriculture and various experiment stations. Practically all experimental tests have shown that these feeds will greatly stimulate egg production. The addition of from 10 to 25 percent of one of those named would in most cases make a remarkable difference. Which one of these feeds should be used depends upon local conditions and prices. They are of about equal value when the protein content is taken into consideration. The fish meal and tankage have given just as good results as meat scrap. Milk is just as good when available at a low cost, and fresh buttermilk and skim-milk produce good results. In some sections condensed buttermilk and semi-solid buttermilk have been fed with success.

In a test extending from November 1 to July 10 on the government farm at Beltsville, Md., thirty hens on a ration without meat scrap or any animal feed averaged seventy-four eggs each. Another flock of thirty hens of the same breed during the same period laid an average of 113 eggs each, the difference of thirty-nine eggs being attributed to the ration which contained meat scrap. Both flocks were out on range whenever the weather was favorable, which made the difference less than it would have been had the birds been kept in pens. In a test made by Purdue University Agricultural Experiment Station, animal feeds were shown to have a decided value in the ration of laying hens and pullets. The pullets fed skim-milk averaged 140.2 eggs in a year; those fed meat scrap, 135.9 eggs; and those in the check pen that received no animal feed of any kind laid an average of only 61.2 eggs.

It has been shown that it is impossible to judge the value of a hen as a layer unless she has been fed a ration that would give her an opportunity to demonstrate her capacity. Pullets that have not yielded profitably because of a ration lacking in animal matter have become profitable layers when the defect in the ration was corrected.

Prizes for Registered Sires.
TULSA, Okla., March 3.—The Northeastern Oklahoma chamber of commerce has announced that it will give three prizes totalling \$1,000 to the counties in the district that add the greatest number of registered sires to their farms from January 1 of this year to June 30, 1922. The county winning first place will be awarded \$500 to be used in conducting its free county fair. The second prize is to be \$300 and the third, \$200.

The purchase of registered animals will be facilitated by the holding of seven public sales this spring, seven next fall and the same number next spring. These will be conducted in different parts of the district. One sale will be held in each county, and each county will be given credit for the acquisition of registered sires whether purchased at these sales or elsewhere.

CHIEF IS BUSY AS IRELAND PREPARES ITS OWN DEFENSE

Richard Mulcahey.

Richard Mulcahey, minister of defense in the Irish free state parliament, is chief of staff of the Irish army. Under the terms of the treaty with Great Britain the British troops are being withdrawn from Ireland and the new free state takes over the duties of home defense. Until the treaty was signed no one was allowed to photograph Mulcahey.

16 COUNTIES IN SCHOOL SURVEYS

Selection of These To Be
Made at Meeting Soon
of Commission.

OKLAHOMA CITY, Mar. 3.—Selection of sixteen counties in Oklahoma which will be representative from an education standpoint of the entire state will be made March 7 at a meeting in Norman of the directors of the Oklahoma Education Survey commission. In the schools of the counties thus selected there will be applied a standard test upon which will be compiled a state report. This will be sent to Washington where it will be used by federal educational officials in preparing for Oklahoma a school improvement program which, it is said, will be designed to extend over a number of years and which will be the most extensive ever undertaken by any state in the union.

Actual work of gathering data for the state report will be started Monday, March 13, unless unforeseen difficulties cause a delay, it was said by J. S. Vaugh, secretary of the commission. This work will be done by a staff of trained educators of the state who will go into every school in the counties selected and examine the pupils there. Results of these examinations, which will be completely standardized, will be compiled by grades in the state report.

To Require Month.
It is expected that the application of this test will require a month. Upon its completion the cards of all pupils will be assembled and scored by trained educators. This work will probably be done at the University of Oklahoma or at the Oklahoma A. and M. college by advanced classes in the schools of education.

The test which will be applied to determine the standing of the state's schools has been evolved by noted educators of the nation and is recognized as an accurate gauge of the efficiency of the school whose pupils are examined. The personal element which usually enters into the grading of an examination paper resulting in different grades being given by various teachers on the same list of answers, has been entirely eliminated. Grading is on a scientific basis of points, which have been set through extensive experimentation.

Two Ada Men on Staff.
The educational measurements staff which will apply the test is as follows:

Dr. W. W. Phelan, dean of the school of education at the University of Oklahoma and chairman of the staff; Dr. Herbert Patterson of the school of education at the Oklahoma A. and M. college; R. E. Crump, head of the education department, Southeastern State Normal at Durant; E. H. Nelson, rural supervisor, East Central State Normal at Ada; R. K. Robertson, head of the education department at East Central State Normal, Ada; L. B. Ray, director of the teacher training department at the Central State Normal at Edmond; Dr. Hackler, head of the education department at Northeastern State Normal at Tahlequah; W. H. Wood, head of the education department at Northwestern State Normal, at Alva; W. C. French, city superintendent of schools at Drumright; Elizabeth Brune, psychologist, Drumright public schools; C. L. Reeves, city superintendent at Holdenville; M. F. Floyd, city superintendent at Vinita; H. C. Faust, city superintendent at Shawnee; Frank Pauley, city superintendent at Glennpool; E. D. Price, city superintendent at Enid; E. E. Oberholzer, city superintendent at Tulsa; George C. Wells, city superintendent at Luther; Miss Mabel Smith, director of the measurements department of the Tulsa public schools; Miss Velda Bamesberger, director of the department of educational statistics of the Okmulgee public schools; W. G. Masterton, city superintendent at McAlester; Henry D. Rindland, vocational director and head of the statistical department of the Ardmore public schools; Mrs. Crosby of the education department of the Southwestern State Normal at Weatherford; Paul Keaton, head of the education department at Southwestern Normal, and E. A. Duke, rural school supervisor of the state department of education.

Others may be added to the staff, Mr. Vaughn said.

Goodbye Boils!

S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano—your blood is so thick full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S., one of the most powerful blood-cleansers known to science. S. S. will stand the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Night after night it gets rid of pimples, boils, blisters, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause them, makes the blood rich and pure building up the flesh. It helps to manufacture new blood cells—that's one of its secrets. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.
